Good News!

Your neighbourhood has been selected for a **one-time only clothing collection** by The Kidney Foundation of Canada, supported by the Region of Peel Waste Management Division.

Peel residents throw away tonnes of clothing and textiles each year. To make it easier to reuse or recycle unwanted clothing, The Kidney Foundation of Canada is testing collection of clothing in different areas in Peel Region.

On your designated day, you can set out unwanted clothing in the enclosed bags outside your door for pick-up by uniformed Kidney Foundation staff and marked collection vehicles.

HOW TO SET OUT CLOTHING FOR COLLECTION

1. Fill the two enclosed clear bags with clean, unwanted clothing, shoes, handbags, belts, towels, linens, and curtains. Securely tie the bags and place them outside your front door anytime from 6 to 9AM on your designated day.
2. It's OK to include ripped or torn items because these will be recycled. Please do not include books, rugs, suitcases, lamps, or children's toys.
3. If you have more than 2 bags to fill, please use clear plastic bags and mark with a "K".
4. For more information visit www.kidneyclothes.ca.

WHAT HAPPENS TO DONATED ITEMS

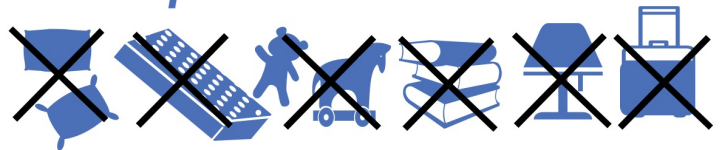

Your donations will directly help and support the 1 in 10 Canadians who live with kidney disease. In addition, your participation helps the Region enhance the recycling of the the most common material found in our waste stream. Recycling and reusing this material will help the Region reach its goal of diverting waste to landfills.

Accepted:

clothing - shoes (pairs only) - accessories - handbags, wallets & computer cases - gently-used linens & bedding - gently-used towels & curtains - clean rags

Not Accepted:

pillows - mattresses or futons - toys or stuffed animals - books - lamps - suitcases - rugs
